MAXIMA® NATURAL ELEGANCE® FLOW NANOHYBRID COMPOSITE

Advantages

Optimized Coverage: Simplify workflow with Duo-shade system, seamlessly matching two Vita™ shades with one application. Covering a wide range with fewer products using versatile blending properties

Adaptable Formula: Thixotropic composite material offers stability, yet flows easily under pressure for use in the smallest cavities

Quick Polishing: Achieves a smooth finish with quick-polish properties

Versatile Usage: From Class V to minimally invasive procedures, rely on our composite for your diverse restorative needs

Various Applications: Ideal for composite and ceramic veneer repairs

Light-Cured and Radiopaque: Save time, with fast reliable results, and ensure accurate, efficient placement

*Vita™ is a trademark of VITA North America

Henry Schein® Maxima® Natural Elegance® Flow Nanohybrid Composite
